**BUILT TO MOVE.
BUILT TO LAST.**

Customizable designs
to meet your exact
requirements.

OUR CONVEYOR RANGE

01

ROLLER CONVEYOR

Ideal for moving heavy and bulky materials. Smooth roller movement ensures easy handling and high load capacity.

02

SLAT CHAIN CONVEYOR

Flexible and versatile solution for various products and industries. High durability and easy to maintain.

03

VIBRATORY CONVEYORS

Ideal for conveying, screening and grading of bulk materials. Stainless steel construction ensures hygiene, efficiency and long life.

04

BELT CONVEYOR

Perfect for continuous material transfer over long distances. Efficient, reliable and cost-effective solution.

05

OVERHEAD CONVEYOR

Space-saving solution for material handling in overhead applications. Ideal for assembly lines, painting and transfer operations.

WHY CHOOSE US?

- ✓ Quality Materials
- ✓ Precision Engineering
- ✓ Timely Delivery
- ✓ Competitive Pricing
- ✓ Excellent After Sales Support
- ✓ Customizable Solutions
