

BL ENTERPRISES

Reliable Components. Smarter Control.

INDUSTRIAL SENSORS

PRECISE SENSING. INTELLIGENT CONTROL.

High quality industrial sensors designed for accuracy, durability and long-term performance in demanding environments.

HIGH ACCURACY
Precise detection for consistent performance

BUILT TO LAST
Rugged construction for harsh environments

WIDE COMPATIBILITY
Suitable for various industrial applications

QUALITY ASSURED
Tested for reliability and safety

OUR SENSOR RANGE

INDUCTIVE PROXIMITY SENSORS

- ✓ Non-contact detection of metal objects
- ✓ High switching frequency & long life
- ✓ Short circuit & reverse polarity protection
- ✓ Available in various sizes & mounting options
- ✓ Applications: Automation, conveyors, machine tools, packaging & more

PRESSURE & TEMPERATURE SENSORS

- ✓ Accurate pressure & temperature measurement
- ✓ Wide measurement ranges
- ✓ High stability & reliability
- ✓ Compact & robust design
- ✓ Applications: Hydraulic systems, HVAC, process control, OEM equipment

LEVEL & WIRELESS SENSORS

- ✓ Liquid level measurement solutions
- ✓ Wireless data transmission
- ✓ Easy installation & maintenance
- ✓ Corrosion resistant & durable
- ✓ Applications: Tanks, reservoirs, industrial liquids & remote monitoring

APPLICATIONS

INDUSTRIAL
AUTOMATION
